Overview

This Book of Reference is submitted as part of an application made by INRG Solar (Little Crow) Limited (“the Applicant”) to the Planning Inspectorate under Section 37 of the Planning Act 2008 (“the Act”) for a Development Consent Order to authorise the construction and operation of a generating station with a gross electrical output of more than 50 megawatts peak (the “Order”).

Development consent is sought for a solar generating station with all infrastructure required to transmit the power generated to the substation or battery energy storage facility to be constructed onsite and from there on to the local electricity network. The development will be located near Scunthorpe in Lincolnshire on land to the east of the British Steel Works in Scunthorpe and 2.5km northwest of the village of Broughton.

This document has been prepared to comply with Regulation 5(2)(d) of The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (as amended) (the “APFP Regulations”) which requires an applicant for a DCO to provide a Book of Reference with their application.

1) Introduction

1.1 This Book of Reference comprises five Parts (each set out in Tables 2 to 6 below) in accordance with Regulation 7 of the APFP Regulations, as follows:

- Part 1 contains the names and addresses of those who own, lease, occupy or have another interest in the Order limits or would be affected by the powers contained in the Order (known as Category 1 and 2 persons);
- Part 2 contains the names and addresses of those whose land, while not directly affected by the authorised project, may be entitled to make a claim compensation pursuant to Section 10 of the Land Compensation Act 1965, Part 1 of the Land Compensation Act 1973 or Section 152(3) of the Planning Act 2008, for loss resulting from the implementation of the Order and use of the authorised project (known as Category 3 persons);
- Part 3 contains the names and addresses of those entitled to enjoy easements or other private rights which it is proposed may be extinguished, suspended or interfered with in connection with the authorised project;
- Part 4 identifies plots in which there is a Crown interest that will be affected by the authorised project and the rights contained in the Order. There is no Crown land in this case; and
- Part 5 identifies land which would be subject to special parliamentary procedure, constitute 'special category land' or which are 'replacement land'. None of these categories are relevant in this case as no land is being acquired.

1.2 Each parcel of land that is affected is identified as a 'plot' and a unique number has been assigned to each plot. The plots are listed in each of the Tables that comprise this Book of Reference and are shown on the Book of Reference Plans.

1.3 The Order does not seek any powers of compulsory acquisition of land nor to occupy land temporarily. Paragraph 4.7 of the Explanatory Memorandum (document reference 3.2 LC DCO) sets out how the Applicant has secured the land for delivery of the development.
